Arkansas SMART Hogs on zine Mount Nebo for Happy Hour - Russellville Muster, November 2010

What a great idea! Instead of just sitting around the club room, let's drive up to the top of Arkansas's highest mountain and watch the sunrise from scenic Mount Nebo. All went well - until the clouds moved in and ruined the sunset! Well, it didn't deter the Hogs shown above (left to right): **Edye and Ralph Jungels, Jim and Lois Hough, Glen and Pat Foster with Ann Lowry in between them, Eileen Wheeler, Melva Arnold, Tom Arnold and Kathie Corroum.** Not shown are **Kic Wheeler and Bill Corroum** who were manning the cameras.

See Page 4 for more information on this fun muster that was hosted by **Tom and Melva Arnold.**

2012 Dues are now payable to the Treasurer

President's Corner

Hello, SMART Hogs,

Since our August muster, our chapter has participated in two exciting events. We attended Little Rock Air Base Retirees Appreciation Day on 6 November. Our booth was busy all morning, with thirteen retirees signing our information sheet, indicating their interest in our club. Thanks to our members who came out to help recruit new members and make the day successful.

We just had a great muster at Russellville, AR hosted by **Tom & Melva Arnold**. Thanks a lot for a great time that we enjoyed, as our host and hostess worked hard to provide for us. During the meeting, we announced the election results. I'm happy that we passed the new Chapter Bylaws and that our 2011 slate of officers will consist of President **Ann Lowry**, Vice President **Jim Hough**, Secretary **Eileen Wheeler**, Treasurer **Kathie Corroum**, and Muster Master **Ralph Jungles**. Congratulations and a hearty Thank You for serving our Hogs chapter!

We'll have our muster schedule for 2011 finalized soon. Muster Master (elect) Ralph Jungles has done a masterful job of recruiting muster hosts who have found four interesting sites for us to meet, in addition to the South Central Regional and SMART National musters. He'll have more to say about these in his column. Keep an eye on the SMART Traveler and our chapter website arsmarthogs.com for more information. We'll also try send out reminders to keep you informed.

We are trying hard to try keeping everyone informed. If you know of anyone who isn't getting the information, please let us know. Have a Merry Christmas and a Happy New Year. Looking forward to seeing everyone in 2011!

New Traffic Law 2010 - Ticket cost \$754.00

Good Thing to Know

New Law: If a patrol car is pulled over to the side of the road, you have to change to the next lane (away from the stopped vehicle) or slow down by 20 mph. Every state except Hawaii, Maryland and D.C. has this law. In California, the "Move-over" law became operative on January 1, 2010.

A friend's son got a ticket for this recently. A police car was on the side of the road giving a ticket to someone else. He slowed down to pass but did not move into the other lane. A second police car immediately pulled him over and gave him a ticket. He had never heard of the law. It is a fairly new law that states if any emergency vehicle is on the side of the road, if you are able, you

are to move into the far lane.

The cost of the ticket was \$754, with 3 points on the license and a mandatory court appearance. Please let everyone who drives about this new law. It is true, see details at the following web address:

<http://www.moveoveramerica.com/>

Ed Note: This law has been in effect in Arkansas since 2003. But why stop there. If there's a disabled vehicle of any kind on the shoulder and you have space to move to the next lane, it certainly would be safer to do so - not to mention being courteous to the poor sap who's working in or around the vehicle!

Muster Master Comments

Boy! Have we got an exciting 2011 muster season planned for You! Our kick-off event will be held 28 Mar - 1 Apr in Hot Springs, AR, during the racing season at Oaklawn Park. Our hosts, Bill and Charolette Hards, assisted by Jim and Susan Franks, have selected the Cloud Nine RV park with its level, roomy sites and nice clubhouse for our gatherings. They plan to have us visit Garvan Gardens where the spring flowers should be in full bloom and we'll spend an exciting day at the Oaklawn track. Final details and registration forms will be forth-coming and will be posted on the Arkansas SMART Hogs website.

The South Central Regional Muster begins just one week later at the James Ward Agricultural Center in Lebanon, TN. Some of our members are thinking about traveling together. If you might be interested, please let me know. Also, we have gotten a request for assistance in quite a few activities from Marlene Thomas, the secretary/treasurer of the host chapter Rocky Tops. I know some have already volunteered to serve on the parking committee. There are plenty of other ways to help out. Contact Marlene at herbnquilt@glenmar.us.

We've been invited to a joint muster with the Arkansas Diamonds, 11 - 14 May, at Carthage, MO. This would be a logical jumping-off point for members who plan to travel north and avoid the hot Arkansas summer weather!

This year's SMART National muster will be held at Shawnee, OK, 20 - 26 September. We will probably have quite a few of our members travel together so they can park as a group at this muster. It's really great to have

the National so close to home. It will be a good opportunity to visit with our friends from other chapters and caravans again.

Edye and I will host another muster at Black Rock State Park in Lake Charles, AR, 11-15 Oct. We generally plan the same types of activities as last time, when we visited an interesting air museum and a plastics plant as well as a lunch outing at the Boeing 737 restaurant.

For our Veterans Day muster this year, Kathie and Bill Corroum with Marion Spivey will host a muster at the Downtown Riverside RV Park in North Little Rock. They are planning to use the cooking and dining facilities at the Arkansas Inland Maritime Museum/*U.S.S. Razorback* for some of our Happy Hours and meals. There will be the Veterans' Day observance, as well as a lot of other vets-oriented activities.

PLEASE NOTE: I think we have a handle on the locations of all the Hogs chapter equipment. However, if you have one or more items of "chapter gear" please let me know. That way, I would be able to have a listing of all our things. Then when I have a Wagon Master needing things for their muster I will know where it is and who to contact about getting to myself or the Wagon Master who needs it. Thanks for your cooperation.

I hope you have a safe and happy Holiday Season, and I'm looking forward to seeing you at our many SMART Hogs musters in 2011.

Retiree Appreciation Day at Little Rock Air Force Base

Saturday, 6 November, was Retiree Appreciation Day at Little Rock AFB. There were over 50 booths representing the many services available for military retirees, such as commissary, health care, flu shots, credit union, associations, legal assistance, base exchange and much more. Many free items were given away as well as cookies, fruit and veggies, cake and coffee. As in the past, the Hogs set up a booth to promote SMART. Helping out were Ann Lowry, Marion Spivey, Ralph Jungels, Glen & Pat Foster, Bill & Kathie Corroum, and Kic & Eileen Wheeler. Quite a few RVers showed interest in joining. Several Hogs camped out at the Little Rock AFB campground over the weekend and traveled together to the Veterans Day muster on Monday.

Veterans Day Muster at Russellville, AR

What a beautiful autumn week we had to enjoy the Veterans Day muster at Outdoor Living RV Park in Russellville, AR. **Tom & Melva Arnold** hosted the event, with seventeen Hogs attending. The muster began Monday evening with chicken and traditional lasagna, salad, garlic bread and ice cream. Seventeen attended the muster. Tuesday morning, began with sweet rolls and fruit. Later in the day, the group car-pooled to Lake Dardanelle State Park where we toured the Aquarium. While there, we viewed a movie, "Trail of Tears", which chronicled the relocation of the Cherokee Indians from Tennessee to Oklahoma - a trail that passed through our area. We all were very touched by this story. Next, we boarded a party barge for a cruise around the lake to take in the colorful fall foliage and look for bald eagles. We returned to camp to prepare a delicious pot-luck dinner. Games were played in the evening. On Wednesday, early risers awoke to the scent of sausage and egg casserole. Free time allowed the Hogs to shop, sightsee and visit. A drive to nearby Mount Nebo State Park late in the day gave us an opportunity to catch the sun setting behind the hills. Heavy hors d'oeuvres sufficed as dinner for most. Hogs Trademark Biscuits and Gravy started our last day, followed by the

Sunset at Mt. Nebo

business meeting. Our Veterans Day observance included a short program by **Bill Corroum and Jim Hough**, who solemnly read the names of 24 Hogs who have passed away.

RV REFRIGERATOR RECALL - FIRES!

Norcold, Inc. Product Recalls – Call 1-800-767-9101

The Norcold, Inc. refrigerators listed below have been recalled.

It is important to implement this safety enhancement to prevent an unsafe elevation in the temperature of the cooling unit should the unit fail in operation. This enhancement seeks to minimize the risk of injury or death due to fire.

Norcold Inc. has decided to recall certain 1200, 1201, 1210 and 1211 model gas/electric refrigerators with serial numbers from 315525 to 13088811, non consecutively. The refrigerator's model and serial number are located inside the fresh food compartment. These refrigerators may have cooling units with a cooling unit serial number between 700000 to 13085759. This is a new recall campaign to include all 1200, 1201, 1210 and 1211 models.

Even if your refrigerator was repaired as part of a previous recall, it is necessary to have it repaired again to minimize the risk of injury or death due to fire.

If you have one of these refrigerator models, use the following procedure:

1. Identify and write down the refrigerator model. If it is a Norcold 1200, 1201, 1210 and 1211 model, go to step 2.
2. Identify and write down the refrigerator serial number. If the serial number falls in the range of 315525 and 13088811, go to step 3.
3. Identify and write down the cooling unit serial number. If the serial number falls in the range of 700000 and 13085759, go to step 4.
4. Call your dealer immediately.

The installation of the High Temperature Sensor will be at no cost to you.

Owners of recalled refrigerators should NOT operate their refrigerator until it can be professionally repaired by your dealer or a Norcold authorized service center.

If you have one of the recalled refrigerators and you:

Currently reside in the RV, you should immediately:

1. Set the refrigerator controls to "OFF".
2. Unplug the refrigerator through the service vent on the outside of the vehicle.
3. Contact your dealer, a Norcold authorized service center or Norcold's Recall Center at 1-800-767-9101 as soon as possible to get assistance.

Do not currently reside in the RV, you should immediately:

1. Set the refrigerator controls to "OFF"
2. Unplug the refrigerator through the service vent on the outside of the vehicle.
3. Disconnect from shore power.
4. Contact your dealer, a Norcold authorized service center or Norcold's Recall Center at 1-800-767-9101 as soon as possible to get assistance.

Failure to follow these instructions can result in a fire causing injury or death.

WARNING TO ALL VETERANS

From Kevin Secor, VSO Liaison, Office of the Secretary of the Department of Veterans Affairs.

An organization called Veterans Affairs Services (VAS) <http://www.vaservices.org/us/index.html> is providing benefit and general information on VA and gathering personal information on veterans. This organization is not affiliated with VA in any way. VAS may be gaining access to military personnel through their close resemblance to the VA name and seal. Our Legal Counsel has requested that we coordinate with DoD to inform military installations, particularly mobilization sites, of this group and their lack of affiliation or endorsement by VA to provide any

services. In addition, GC requests that if you have any examples of VAS acts that violate chapter 59 of Title 38 United States Code, such as VAS employees assisting veterans in the preparation and presentation of claims for benefits, please pass any additional information to Mr. Daugherty at the address below.

Comedy Corner

And now, two stories about our neighbors to the South:

First One: Near the town of Raymondville in the Rio Grande Valley many years ago, a fugitive barricaded himself in a small house and threatened to shoot anyone who came within range. Local officers call in a Texas Ranger. In the gun battle that followed, the fugitive was killed.

The justice of the peace, acting as coroner, returned the verdict:

“Suicide. Failing to cooperate with a Texas Ranger.

Also: Traveling on a train near Wichita Falls at about the same time, Boyce House, the humorist, stuck up a friendship with a hard-

bitten Texas rancher. The train stopped at a little “tank town”, and the two went to get a bite to eat. When they boarded the train again, a “city feller” was sprawled on their seats. The rancher politely asked the interloper to move. He paid no attention.

At that, the rancher pulled out his six-shooter and bounced it a couple of times across the man’s skull. “Now, I’ll give you exactly four and one half seconds to get out of our seat!” The man vamoosed.

The rancher shoved his gun into his belt and said sorrowfully, “It’s fellers like that that give Texas a bad name.”

The Binnacle List

There's good news on many fronts this month, while one of our members still really needs our prayers. Please keep all of the following in your thoughts and prayers.

A. C. Autrey had gall bladder surgery and is in a very painful recovery process.

Bob Bogard's ALS (Lou Gehrig's Disease) still progressing, but at a slow pace. He is still able to drive to church. Genise repeated that the VA Medical Center has been super in providing equipment and support for Bob.

Lew Dellinger is doing real well despite his lung cancer. His doctor and CARTI both said he could wait three months for another check. He's feeling well at this time.

Carolyn Eck had a fall while at the Branson Veterans Day muster with the Diamonds. At first, it looked like she would have to have surgery, but that was canceled. May get rid of the cast soon!

Edye Jungels had a CT Scan that showed no cancer. She's still bothered by stiffness and soreness as a result of her shoulder surgery.

Andy Maglievaz has really been through the mill with leukemia and lymphoma. He is back in the hospital in Conway, too ill for the planned transfer to a nursing facility. He looked good during our visit the other day, but it's touch and go. Pray for Andy! And for his wife, Pat!

Ralph McClure is slowly recovering from the effects of a stroke. He will have cataract surgery on both eyes in the next four weeks. He and Nell have sold their RV.

Joe Ruiz is recovering from surgery to a bladder tumor, which turned out to be benign.

Marion Spivey is doing much better on the heart problems, but has been diagnosed with Anemia. If anybody has a "Go Pill" left over from the old days, Marion could use it!

Kic Wheeler's pain has subsided a lot. He and Eileen bought Andy and Pat's motor home and are planning to travel soon.

Remember...

*Life is short and we do not have much time to gladden the hearts
Of those who make this earthly pilgrimage with us.
So, be swift to love,
And make haste to do Kindness, always. -Anonymous*

Do you recognize this man? Where did you see him last - maybe at the Retiree Appreciation Day; maybe at the Little Rock Air Force Base Exchange or maybe at a Hogs, National or Regional muster. You could be right on all counts!

Lee Thomas certainly puts in a lot of hours selling his hats, caps and military pins at exchanges in this area, and he definitely was at Appreciation Day.

More importantly, Lee and his wife, Gayle are Charter Members of both SMART and the Arkansas SMART Hogs. Their national member number is #13; their Hogs member

number is #57. Lee served many years as the SMART National Chaplain. Recently, we've not been seeing Lee and Gayle as frequently as before because his work schedule, some medical problems for Gayle and some motor home repairs have put them on the sidelines. However, the medical and RV problems are in the rear view mirror, so we hope to see a lot more of them! Be sure to say "Howdy" if you see Lee at the BX, and maybe just pick up a cap you really NEED! Lee & Gayle Thomas are truly some of our Special People!

Editor's Note

We'll be very fortunate to two new member couples hosting a fun muster in March during the racing season at Oaklawn Park. The Hards and the Franks have done a great job of selecting the park and identifying interesting things to see and do. Plus, they've put it together into an EARLY BIRD edition of the Plan of the Day. So, I've attached their POD and a registration form to get all our folks thinking about Springtime! Wow!

See you at the Christmas Luncheon and the Hot Springs Muster!
